Adult Charades is an adults-only version of the classic party game. Players take turns acting out things like "Horny Devil", "Mr. Woodcock" and "The Little Man in the Boat" and try to get their teammates to guess as many answers as possible each turn within a minute.

The winning team is the team with the most correct answers after each player has performed three times.

Includes: 80 Charade cards, a one-minute timer, and a scorepad.
